You get a "class not registered" error after installing a patch or a nosTEAM game. 1. When installing a patch, you need to change the drive letter on which the game is located. If the game is installed on a physical medium used as a register, then the required letter must be added when creating the image. For example: Data/PATH
/usr/local/home/coolpixel.iso /us3 When installing the game, you need to change the location of the directories. If the game image is created on a floppy disk or a removable disk such as a flash drive, then before installing it is necessary to copy all existing directories and files from the game disk to a floppy disk or

removable disk, and copy the "local" folder from the game data folder on the removable hard disk. copy all files from disk to disk. 2. If the game is installed from a disc or a removable disc of the "CD / DVD" type (it does not matter what it is, CDRom, CD-R, etc.), and there is no disc burning command, then to create and read the image in Nero Burning Rom 7" you need to create an ISO image of the game on the disc. To do this, copy the "start" file from the "local" folder to this folder. With this method of creating an image, you will not have errors. If you want to create a game image on a CD, you can use the following tool: Method number

2. Creating an image from an ISO image

1) Launch "nero burning rom 8" by right-clicking on the "Tools" file and then on "Imaging". Then in the "Trusted Image Sources" window select "Program File File. Nero" and "Drive" select the installation disk. Wait for the process to complete. If you want to create a game image on a CD, you need to create a text file "install.txt" on the CD-ROM. Then copy ALL files and folders from the CD-ROM into it, and copy the line "Read Only Copy" to the end of this file. Then right-click on the "install" file and select "Create Configuration File", then in the search box under "Transformation" select the

desired transformation. For example, "Read only" and click on the "Next" button. A new "Read Part Disk" will be created with the original size. Then
