The player models in Fifa 22 Serial Key are a major improvement as compared to the previous title, while the flexibility in character customisation is further improved. Players are completely customisable with the help of over 100 new playable attributes, including facial expressions and hair. Fans will have the ability to create their own players by choosing from a range of different base templates, giving them the opportunity to create completely new player identities. The large, real-life player models in FIFA 22 will take on the stadiums of the world, including the likes of Barcelona and Stoke City. The ball physics in FIFA 22 will have a large impact on the gameplay. The new physics engine provides more accuracy and intelligibility in ball-carriage and ball drop to the pitch. Each player in FIFA 22 will have unique reactions to the ball, and they will be more confident and flexible in ball retention. The previous title has retained the real-time player reactions to the ball, but FIFA 22 will improve that response. The new Goalkeeper plays a more dynamic role in FIFA 22. You'll be able to make more decisive, emphatic saves, and use the pitch as you're able, sliding into the challenge and gaining ground in the air. FIFA 22 for Xbox One will have more than a thousand licensed players and stadiums from 64 nations. For the first time, FIFA Ultimate Team mode will have an open platform, meaning that you can create your own player. This will be possible by using the new ability to customise a player's playing style with progression cards. Players will also be able to buy packs of cards from packs. FIFA Ultimate Team will be available in FIFA 22 with the transfer market, more than 10 times the size of the previous one. In addition to players from the current League of Legends, FIFA 22 for Xbox One will have many new premium and free players, including the likes of Mohamed Salah, Philippe Coutinho, Vincent Kompany, Cristiano Ronaldo and Radamel Falcao. You can transfer characters from FIFA 21 to FIFA 22, and you will be able to play the game with these players. In addition to global level and career mode, FIFA 22 for Xbox One will feature FIFA Online 2, the update to the free-to-play online mode where you can play with friends, taking on the likes of local rivals from around the world. FIFA Online 2 in FIFA 22 for Xbox One will also feature the FIFA Ultimate

Fifa 22 Features Key:

- Play The Way You Want to Play. The FIFA 22 franchise will bring gameplay, innovations and fan experiences never seen before in the storied FIFA franchise, celebrating the same authentic and authentic-looking football gameplay and aesthetics from 2005 to the present.
- Player Traits and Player Roles. Create the ultimate team with new player roles, and use new Designer Off-Ball Traits to give your players the skills and attributes to succeed on the pitch.
- Innovative Console Smart AI. An all-new console-powered A.I. system tracks every play of every game, analysing everything from defensive and offensive tactics to squad selections. This detailed and flexible AI revolutionises the way every player plays, adapting to changes on the pitch and every situation. Intel, LIVE TV, FOX SPORTS, Xbox One and PS4 are the only platforms to offer the all-new Player Impact Engine, which quantifies individual player impact and importance to other players on the pitch. AI opponent reactions also change based on individual player traits and player roles. In short, we went back to the drawing board and designed AI that is smarter, faster, and tougher than ever.
- Champions League 2.0. Make it to the Champions League with football's top clubs using your own in-house team or use the FIFA Ultimate Team card game to build your own squad. FIFA 22 will also feature expanded simulation and in-game economics within the current Champions League competition, plus all-new ways to progress within its seamless 3D world with realistic player-vs-player (pvp) approaches.
- Automatic Passes. Control your passes in FIFA 22 through new Player Intelligence. The game makes decisions based on the player's positioning on the pitch. Also, you can make the player yourself or use the new Prime Authentic Player Intelligence. This means your player will react to your strategy and show agility and touch during passing situations.
- FIFA Ultimate Team, updated cards and packs. New cards, including new armour, clothing and kits in the Expansion Packs, including the special New Replica Journey FIFA Ultimate Team packs. The player progression system also has been overhauled, with more experience points gained for goals, assists, and tackles. Now there are cards that increase the success rate of certain types of cards, such as assists and own goals. The buying and selling of cards is handled by a new Card Shop

FIFA Ultimate Team lets you be the ultimate soccer manager as you assemble a team of the top stars in the world of soccer. Draft new players, record new skills, and train new tactics. The rich, deep gameplay is enhanced with dynamic gameplay, a new Player Statistics screen, and the ability to apply the latest coaching tactics and formations. In-Play – In-Play gives you the ability to change tactics and play-style mid-game using gameplay options – Whether that’s taking a player off the pitch for an injury, pressing the A.I. to let you adapt to the changing game, or turning off the pace of the game to help you conserve energy for the latter stages of the match. Live Events – Get behind the manager’s and player’s eyes by becoming part of the action as the live event unfolds. Choose the in-game camera angle and view to match your mood. You can even challenge and compete with your friends in Live Events, where the game changes to faster paced and more free-flowing action. Matchday – Combine key in-game tools such as Player Traits, Starting XIs, Tactics, and Training Plans to unlock optimal team selection and obtain the best possible starting XI each week. Select the referee, track team news, and view detailed match previews that will help you plan the tactics you’ll use to pick up the maximum points possible. A Coaching Career – Discover a new approach to football management through a brand new, personalised career mode, where you can become the best coach in the world. You can also explore the distinctive approach to player development and the new way to transfer players, and find out how to build a squad from the perspective of the A.I., which has been designed to more intuitively reflect the way a human player would build his or her own side. Facebook Connect – Introducing Facebook Connect, FIFA introduces a new way to keep in touch and share the experience of FIFA football with your real-life friends. The Facebook Connect feature in FIFA provides players with the opportunity to connect and manage their favourite clubs on Facebook. FIFA LIVE – The FIFA LIVE featured is completely free. During each session, Live channels provide real time action, events, and interactions between FIFA players and the FIFA universe. What's new in Fifa 22:

- **Career Mode** - Live out your dreams as both a manager and a player. Create the newest club in FIFA, design your kits, style your stadium, and choose whether to compete with the elite or rise up from the lower divisions as you manage your club to glory in games. Or test your skills as a player, with more ways to progress, achieve, and immerse yourself in your Pro's journey through the game. We even enhance FIFA Ultimate Team attributes for 24 teams, including a FIFA Team of the Year-inspired edit and expansion into Red Card Mode for team players who rack up yellow cards. You can also take out loans and set weekly salary targets in an all-new salary system. FIFA World Cup - Define and execute tactical set-plays, and deliver a plethora of passing and dribbling techniques with groundbreaking Player AI. The FIFA World Cup brings to life the most diverse season of the FIFA World Cup's history, offering a greater variety of travelling agents, kits and environments than any previous game. Utilise a virtual audience of 40.1m passionate fans, team-mates and managers to help tell your story on the pitch. And, with post-match interviews to challenge your manager to take greater responsibility as a leader of your club, we provide a deeper world of storytelling in FIFA 22.
- **FIFA Ultimate Team**. More ways to unlock and edit your team than ever before - including a FIFA Team of the Year-inspired, all-new edit. Challenge your friends on any of FIFA's five gameplay modes and seamlessly merge your Ultimate Team by trading players between them. Face criticism from an all-new virtual audience of fans, managers and players of your rivals. An enhanced Experience Points system allows you to build your FUT Franchise with any combination of 17 players, while a tailor-made experience is complemented by the introduction of Player Camps, Clubs and even your stadium.
- The all-new Player Pool combines your chances of winning the League, the Champions League and the Club World Cup this year, plus your chances of qualifying for the FIFA Club World Cup 2018 and FIFA Club World Cup 2019. Complete single season tournaments split across all four play modes for the ultimate challenge.

Why isn't FIFA on PSN? There is no strategy required with The Ultimate Team, it's simply about putting your best team on the field each week. Create a squad of 23 unique players with different playing styles from all over the world and level them up by buying new kits, playing matches and earning progression points. What are progression points? A global progression system that unlocks new items for your players as you play with them. How do I play with the opposition? In FIFA, you play matches against computer-controlled teams. This means you'll get to face your best mates alongside complete unknowns, and you'll also get to spend your progression points on new players, clubs and stadium facilities. The Ultimate Team How do I construct my team? You start by choosing a formation, captain, kits, stadium and more. It's then a case of the research and development team continuing to build the perfect squad. What should I look out for when I'm building my team? When you're building your team make sure you're paying attention to the kit that goes with the formation you're playing in. Decide which players you want to have complete control over and for the rest you want the team to do the leg work for you. Is there such thing as the perfect team? The perfect team is in the hands of the player. You can see why your friends might not like you when they say they've found a team that works the way you want it to work. How do I train my players? Each training session is an experience that has a different type of outcome. You can lose a match or maybe you can put in the shifts and make sure you're fully prepared to play the next match. Am I really the manager? You're the manager of the team, but you're also the manager of your players. If you have a player who's having a bad day then you have the power to put them right. You're able to take a player off the pitch, give them a P-Pass, or even substitute them with a better player for a period of time. What are P-Passes? A P-Pass enables you to take an off-the-ball act that's aimed at improving your player's performance
