Scythe: The Wind Gambit offers a new way for players to modify their base game. It also comes with 3 standalone modules: One to introduce the featured rules system to players, one to introduce players to the Scenario Engine and one for them to delve into our Storm Environment. The Scenario Engine: Tired of playing your faction against others? That's where the Scenario Engine comes in. This module allows you to run your own challenges, complete with pre-generated factions and results to represent the outcome of that challenge. The Storm Environment: With this module you can utilize all of the new terrain tiles that appear in Scythe: The Wind Gambit. It brings additional elements to the map, making it more dynamic, and more flavorful for all players to enjoy. --------------------- About Vane: The Vane extends beyond the boundary of the map. Players can make bids for a Vane on an empty board of any size. Bids can be placed in the rulebooks, and then revealed at the start of the game. Players are competing to earn the most votes. At the start of the game, players will be bidding on spaces on the map. Those spaces are removed from the game, and the remaining map space is then used to create a new map. One player wins the bidding, and will reap the benefits of the new map. Why is this interesting? One of the most common complaints about Scythe is that players have too many options. You are often either too close or too far away from the action, or you are given too much ammo and not enough bandage cards, or you have to choose between systems that have varying amounts of variability to the cards you are drawing. This module can help remove all of these concerns. The map will decrease and players will again be in the thick of things. --------------------- About Scythe: Scythe is a semi-cooperative war game for 1-4 players. Each turn, players will balance their decks against the other players. During the game, players will collect resource cards while fighting for the right to claim the heart of the enemy's country and win the game. After each round, players will receive honor points for their contributions, and place these points in their awarded constructors. As they accumulate honor, their ship will become heavier and they will gain access to the best cards. They can choose to upgrade their ships, giving them a stronger, more stable

## What's new in Robot's Mystery:

**, the Eternal Triad, the Eternal Tetragrammaton, permanent covenant of grace. The perpetual covenant of God with his people of all generations... The Promised Rest... "...After the anger of seven years, in the year of salvation [7th year with Nahum the prophet] the LORD God has given you rest from your enemies and from those who hate you" (5:17). The passage**

comes after 5:6 (if you aren't familiar with Dr. Alister McGrath's thoughts on the book of Nahum, I invite you to read his posts on Nahum. The word "rest" sounds like a fairly good word to describe the feelings we have after attaining salvation, but, as with all things, we need to dig beneath the surface in order to find some things to glean from this passage. In Scripture, "rest" can mean two distinct things: 1. A state of ease or leisure 2. Divinely-delivered or given rest In Scripture, the word "rest" is most often used in the sense 1.; therefore, we need to first look at this as possible meaning in order to properly understand the second sense in regards to salvation. However, it should also be noted that the authors of the Westminster Larger Catechism, and the very philosophy of the Reformed faith, make the distinction between the two meanings of the word "rest" so that we can see that they are not the same. (And the same holds true here.) For the sake of understanding today's passage, we should look at the word in it's only one of the meanings, "a state of ease or leisure." In this passage, the "rest" is stated to have come from Yahweh to his people as a result of the 7 year defeat of the Assyrians. Yahweh repents of his assault upon his people, and "has given you rest" from Assyria. He did not give Israel rest because of any sinfulness on their part. Rather, it is his graciousness, mercy and grace given to his people (which is shown to be true by the fact that, as the passage progresses, Moses ("compassionate and gracious") is the speaker...read the passage here and the version of the passage translated by Faith: Thus, the first definition of the word rest
