judge udo steiner asked way's attorneys whether his client's explanation that he was "sexually attracted to young boys" could be taken as a confession to selling child pornography. the judge responded that it was the province of the jury to decide on that question, and went on to ask whether the buyers of the films were pedophiles, just curious or "sexual perverts." the judge told the jury that the facts in the case are "not complicated." he stressed that there is only one criterion: whether the films make the boys appear to be under 18. if they do, they constitute child pornography. it doesn't matter how the boys looked or if they were good at sports or whatever. in addition to the title feature, the dvd contains four short films (all in japanese) - boys 8 y.o. karate club, masters 9 y. karate club, boys 12 y. karate club and masters 12 y. karate club. these shorts are also by baikal films and they focus on the training of the younger boys. where the young fighters train is an essential part of the story of baikal films' newest release, karate boys. the young masters are from a karate club in the bukovina region of the ukraine. the karate boys feature a group of nearly twenty young men ranging from eight to fourteen years old. the boys train regularly with a sense of teamwork and discipline. they work hard and they play hard. there's no doubt they are destined to be the next generation of karate champions. in fact, the majority of the young fighters in baikal films' latest dvd feature, are more than ready to compete for the title of world champion. as the title features main story suggests, they compete for the title of "karate boys".

## **Azov Baikal Films Karate Boys 10 14yo**

while don ramon was very polite and friendly with the boys who came to his karate school, ancu gabriela was very aggressive, even violent, towards them. he gave them beating after beating, sometimes injuring them. the boys quickly learned to avoid ancu gabriela, not even daring to look at him. they learned to beat him back. ancu gabriela was not a talented karateka, and he was not particularly interested in learning. he used his knowledge of martial arts to intimidate and manipulate people. he was a man who needed to be respected and feared. the neighborhood kids were fascinated by the fact that they could beat him and they were filled with pride when they could prove it. the film in this issue was filmed in 2005 in the same house in sibiu where ancu gabriela was living with don ramon and igor ogorzalek. the film includes a few of the boys and the three men who are in the karate school. the boys are very thin, and they have a vibrant energy. all of them are blond, but not all of them are white, like ancu gabriela. like ancu gabriela, they are handsome, but not all of them are white and all are short in height. the film shows the boys practicing with their weapons, and also shows their karate in a friendly competition. the boys are very polite to their teacher, and are very respectful to their elders and to adults in general. when they are in the karate school, they are almost always smiling. however, after they return home and the atmosphere changes, the boys become irritable, angry, and they begin to beat their parents or their teacher. the emerald city [23] (no longer available) had a scene in which two young girls were swimming in a river and were seen to be wearing just a top and bottoms. they were sharing a good time with some of their friends when they spotted two young naked boys walking along the riverbank. [24] they instantly climbed out of the river and made it home before they were caught. 5ec8ef588b
