with transformers war for cybertron, you can team up with others online or offline as well. this is a game where you can play with your friends or against them online in multiple modes. the offline mode allows you to play through the single-player story mode with your own

created characters and bring them to new levels. in transformers war for cybertron, you can also play in robot core mode. as the name suggests, the robot core mode is all about you and your teammates as you work through the single-player story mode by completing levels and learning new abilities from

your teammates. transformers war for cybertron offers a wide range of gameplay modes for you to play through and experience an epic experience with your friends. finally, multiplayer is one of the best ways to play through the game. in multiplayer, you can play in a wide variety of game modes such

as online multiplayer,
cooperative
multiplayer, and even
a brand new co-op
mode. transformers:
fall of cybertron
transports you to the
final days of the
planet cybertron
where you will
experience the
darkest hours of the
apocalyptic war
between the autobots
and decepticons.

embark on an adrenaline-fueled journey through a wide range of missions and massive environments designed around each character's unique abilities. With the stakes higher than ever before, you play as a variety of transformers characters, including Grimlocks, nearly

indestructible t-rex
form and the
legendary
combaticons forming
into the colossal
bruticus. fight through
both sides of the
transformers most
epic battles leading to
their legendary
exodus from their
homeworld.
